**Trucker Path** is a top app for truckers, offering truck-specific GPS routing, real-time truck stop and weigh station info, parking availability, and fuel price comparisons. It also logs trips for hauling records. It's free to download, with a premium "Diamond" version at \$149.99/year for advanced features like ETA predictions. Available on iOS and Android smartphones and tablets, it's ideal for navigation and planning.

**Motive Driver** offers electronic logbooks for HOS compliance, GPS routing, and fuel reporting, while tracking hauling via telematics. The app is free to download, but full features require a subscription (starting at \$25/month per vehicle). It runs on iOS and Android smartphones and tablets, making it a robust tool for compliance, safety, and trip management.

**DAT One** combines load bidding with truck-specific routing, fuel price tracking, and truck stop/weigh station locations via an interactive map. It also supports electronic logbooks and hauling records. Free to download, full access requires a DAT Load Board subscription (starting at \$49/month). Available on iOS and Android smartphones and tablets, it's a comprehensive solution for load finding and trip optimization.
